Portfolio —

PROFILE

A student of web development and user interface design with hands-on experience across three collaborative projects, covering interface design, prototyping and game audio. Comfortable working from a Figma prototype through to a responsive front end, and accustomed to designing as part of a team alongside backend developers. Seeking an internship or junior role where I can contribute to real products and continue to grow as a designer and developer.

EDUCATION

[Degree programme]

[YEARS]

[School or university, city]

PROJECTS

Evaluate CEC

2026

Web platform — evaluate-cec.vercel.app

A web platform replacing the paper teacher-evaluation process at Cebu Eastern College. Students rate the teachers assigned to them anonymously, each comment is run through sentiment analysis, and administrators review ratings and feedback from a live dashboard.

Role: One of the UI/UX designers — shaped the interface and the student evaluation flow.

Andam

2026

Interactive prototype — Figma

A tool helping college teachers generate and organise instructional plans, presentation materials and assessments, kept in one searchable library ready for review, editing and reuse.

Role: UI/UX Designer — designed the interface and user flows, and built the interactive prototype in Figma.

Emberfall

2026

Browser game — emberfall-rho.vercel.app

A turn-based dungeon role-playing game running in any browser, built as a single HTML file with no framework and no build step, playable on both desktop and mobile.

Role: Audio lead — designed and managed the game's sound, synthesised in the browser with the Web Audio API.

SKILLS

DESIGN UI/UX design, Figma prototyping, user flows, responsive layout

DEVELOPMENT	HTML5, CSS3, React (basics)
TOOLS	Figma, Git & GitHub, Visual Studio Code
OTHER	Game audio (Web Audio API), problem solving, team collaboration
